MEMORANDUM FOR THE RECORD

SUBJECT: Use of Foreign Ships to Transport the Effects of Agency Personnel

1. Larry Houston left the attached opinion dated 15 April 1955, with me this morning. The matter was brought to a head by two cabled requests from [REDACTED] to ship automobiles via Norwegian ships from [REDACTED] to New York City.

2. After discussion, Colonel White and Larry Houston agreed that the cable as drafted should be re-written and permission granted to ship as requested in the two pending cases, but to regard these as exceptions until a final policy decision was reached.

3. I talked to [REDACTED] in the Transportation Division of Logistics, who passed me on to [REDACTED] Extension 3815, in FE/LO. We agreed that he [REDACTED] would write permissive cables regarding the two cases (plus one more which has just come in) and policy can be decided later. [REDACTED] told me that he was not at all happy about the amendment to paragraph 1. of the cable put in by the Comptroller requiring shipment thirty (30) days before or after EDT owner. He agreed to take it on, however, and original draft of "out" cable was sent to him at 2304 J Building.
